

We're thrilled to introduce you to Wired Leadership University (**WiredU**), born from an incredible partnership between Wired Leadership and Pryor Learning, a trusted name in professional development for over 56 years. This collaboration brings together industry expertise and proven learning strategies to create the premier e-learning platform for the electrical industry.

WiredU – is designed to elevate your skills and drive success in the electrical industry. Our mission is Education and Empowerment. We're excited to be apart of your journey.

As a participant, you'll dive into one of our 7 cutting-edge Learning Tracks, based on your current job title. You'll be part of a community transforming leadership in both the office and the field.

Your 2026 Learning Track:

You'll be working through the courses in the track you've been assigned, with plenty of support and resources to ensure your success.

But that's not all! You'll also have full access to all **WiredU** resources and courses across our other tracks, so you can explore and grow in areas that matter most to you.

7 Learning Tracks to Propel Your Career!

- 1. Emerging Leader**
